## Active Perception Computer Vision Series

**active perception - proceedings of the ieee** - active perception ruzena bajcsy, member, ieee invited paper active perception (active vision specifically) is defined as a study of modeling and control strategies for perception. **active perception - university of pennsylvania** - active perception abstract most past and present work in machine perception has involved extensive static analysis of passively sampled data. however, it should be axiomatic that perception is not passive, but active. **active perception: interactive manipulation for improving ...** - active perception: interactive manipulation for improving object detection quoc v. le computer science department stanford university email: quocle@csanford **dd2423 image analysis and computer vision - kth** - dd2423 image analysis and computer vision marten björkman computational vision and active perception school of computer science and communication **revisiting active perception - arxiv** - revisiting active perception 1 ruzena bajcsy dept. of electrical engineering and computer sciences university of california, berkeley yiannis aloimonos dept. of computer science university of maryland john k. tsotsos dept. of electrical engineering and computer science york university abstract despite the recent successes in robotics, artificial intelligence and computer vision, a complete ... **a high level active perception concept for uav mission ...** - 2. related work the idea of active perception [8] also known as active vision [9] or image understanding [10] emerged in the last 30 years. the general idea is to model the resources, **active perception and modeling of deformable surfaces ...** - the authors are with the computer vision and active perception lab., centre for autonomous systems, school of computer science and communication, royal institute of technology (kth), se-100 44 stockholm, **school of computer science and communication cvap ...** - school of computer science and communication cvap - computational vision and active perception trita-csc-cv 2010:2 cvap 317 optical spatial relations for active visual search **chapter 1 perception and computer vision - acin - tu wien** - chapter 1 perception and computer vision the wish to build artificial and intelligent systems results in the expectation that they are placed in our typical environments. **revisiting active perception - springer** - each element of the active perception definition can be further decomposed into the set of computations and actions it comprises, as shown in fig. 1, noting that this **computer vision perception - kth** - 2d1380 artificial intelligence 2d1380 artificial intelligence perception danica kragic october 4, 2005 computer vision develop computational models and algorithms that can be used for solving vi- **an active vision system - computer graphics** - b. rasolzadeh m. björkman, k. huebner d. kragic computational vision and active perception, centre for autonomous systems, school of computer science and communication, **active perception and robot vision - home - springer** - active perception and robot vision edited by arun k. sood harry wechsler computer science department, george mason university 4400 university drive, fairfax, va 22030, usa **active perception and exploratory robotics** - 2 what is active perception? in the robotics and computer vision literature, the term "active sensor" generally refers to a sensor that transmits (generally electromagnetic radiation, e.g., radar, sonar, ultrasound, microwaves **lecture notes for "computer vision" - tu dortmund** - computer vision: realization of visual perception capabilities (known from humans) within artificial systems (e.g. robots) example: recognizing a soccer ball on the playground among other soccer playing robots
